Schedule CCA-INFO Sheet 1
COMMUNITY CHOICE AGGREGATION-
INFORMATION FEES

APPLICABILITY

Applicable to Community Choice Aggregators (CCA's) participating in Community Choice Aggregation Service (CCA Service), and eligible entities under California Public Utilities Code Section 331.1 that are considering CCA Service. All provisions of Rule 23, as applicable, shall apply.

TERRITORY

Within the entire territory served.

RATES

A CCA requesting information services provided under this Schedule and fees will be charged the following fees. Information to be provided is specific to accounts within a CCA's service area and will be provided in accordance with Special Condition 1.

A. REPORTING INFORMATION

The following CCA requested information will be released to the CCA up to two times per calendar year for each listed report charge. For a CCA information request that exceeds the two times per calendar year limit, the CCA shall be charged the amount below for each additional report. The report provided under this section will not include customers not eligible to be included in CCA Automatic Enrollment, pursuant to the provisions of Rule 23.

	Per Report
Aggregate Annual Usage Report[1/](Section A Report) Fee	No Charge

(D)

B. ADDITIONAL INFORMATION

	Per Report
Monthly Energy Efficiency participation data provided for Commission reporting [2/]	No Charge

1/ The Section A Report consists of seven reports: Number of accounts in each Rate Group, Aggregate annual consumption for each Rate Group, Aggregate noncoincident demand in each Rate Group, Aggregate coincident demand in each Rate Group, Coincidence peak factors which estimate coincident demands, Standard system average load profiles by Rate Group, The proportional share in a CCA's territory or proposed territory as defined in the Commission's Energy Efficiency Policy Manual.

2/ SCE currently posts an Energy Efficiency Program Report on SCE's web site.

C. SPECIAL REQUIREMENTS DATA

The following information services fees will be charged to the CCA, as applicable, for activities performed by SCE to provide monthly information regarding usage (kWh), peak demand (kW) where available, rate class average load profiles, rate class average coincident peak factors, and the number of customers within the requesting CCA's service area. The reports provided under this section will not include customers not eligible to be included in CCA Automatic Enrollment, pursuant to the provisions of Rule 23.

Base Processing is required for production of this report. This report provides a summary of aggregated data by Rate Group, Zip Code, and by Customers Status (Direct Access vs. Bundled Customers). Data contained in the following report will be provided in accordance with Special Condition 1. Twelve months of data will be provided in a consecutive monthly report.

	Per Request	
Aggregate Annual Usage Report, Standard File…….….....	$104.00	(R)

The Standard Output File is required for the production of the report under this section and includes customer account name, service account, service address, mailing address, email address, monthly usage (kWh), monthly peak demand (kW) where available, rate class average load profiles, rate class average coincident peak factors for all accounts within a CCA's jurisdiction. The Standard Output File report will be provided in accordance with Special Condition 2 and 4. Residential customer account name, service address, email address, and mailing address information are also subject to Special Condition 3. Twelve months of data will be provided in a consecutive monthly report.

Standard Output File Fee:	$21.00	(R)

Ad-hoc hourly usage data (HUD) report for eligible CCA service accounts. This report provides a summary of aggregated data by Rate Group, Zip Code, and by Customer Status (i.e., Direct Access vs. Bundled Customers). Twelve months of data will be provided in a consecutive monthly report.

	Per Request	
Ad-Hoc Hourly Usage Data Report, Standard File…….....	$241.00	(R)

D. CUSTOMER INFORMATION STANDARDIZED REQUEST (CISR)

Fees will be charged to the CCA, or the eligible entity under California Public Utilities Code Section 331.1 that is considering CCA Service that has been authorized to receive customer information using the Commission approved Authorization to: Receive Customer Information or Act on a Customer's Behalf (Form 14-796), also known as Customer Information Standardized Request (CISR) form. The customer's historical usage, billing, and other customer information will be provided to the CCA upon the customer's submittal of a CISR form for the service account(s) requested. All provisions of Form 14-796 shall apply in addition to the following charges for the service being provided:

Customer Information Standardized Request (CISR) Base Processing is the required handling for each CISR in order to provide the Usage Data.

	Per CISR	
CISR Base Processing Fee	$ 9.00	(I)

The fees for any of the Usage Data provided are in addition to the CISR Base Processing Fee. The fees for each service account's Usage Data are in addition to the CISR Base Processing Fee

Non-Interval Meter Usage Data	Per Usage Data Request Per Service Account	
Usage Data Base Fee:	$7.00	(R)

Interval Meter Usage Data	Per Usage Data Request Per Service Account	
Usage Data Base Fee:	$9.00	(R)

COMMUNITY CHOICE AGGREGATION
INFORMATION FEES

SPECIAL CONDITIONS (L)

1. The 15/15 Rule will be applied to data provided to the CCA. The 15/15 Rule was adopted by the Commission in the Direct Access Proceeding (Commission Decision 97-10-031) to protect customer confidentiality. The 15/15 rule requires that any aggregated information provided by SCE must be made up of at least 15 customers and a single customer's load must be less than 15% of an assigned category. If the number of customers in the complied data is below 15, or if a single customer's load is more than 15% of the total data, categories must be combined before the information is released. The Rule further requires that if the 15/15 Rule is triggered for a second time after the data has been screened once already using the 15/15 Rule, the customer be dropped from the information provided.

2. Customer specific information as listed above will be provided to a CCA only upon receipt of a signed Community Choice Aggregator Non-Disclosure Agreement (Form 14-769) and a signed Community Choice Aggregation Declaration (Form 14-770).

COMMUNITY CHOICE AGGREGATION
INFORMATION FEES

SPECIAL CONDITIONS (Continued)

3. A CCA shall be required to be registered with, and have an Implementation Plan on file with, the California Public Utilities Commission prior to the release by SCE of residential customer specific information.

4. SCE and CCA's will abide by the instructions of the customer as to the entities to whom access to the confidential customer information is provided.

5. Definitions for use with this Schedule:

   a. Rate Class – Refers to a grouping of Rate Schedules by the type of load served. (Domestic, Lighting, Small, & Medium, Power (LSMP), Large Power, Agriculture and Pumping, etc...)

   b. Rate Group – Refers to a grouping of Rate Schedules based on the Rate Class and the size of the load served.

   c. Rate Schedule – Refers to one or more tariff sheets setting forth the charges and conditions for a particular class or type of service in a given area or location. (e.g. TOU-8.)
