B. CUSTOMER NOTIFICATION (Optional Service)

The Customer Notification Fees apply to CCA requests for SCE to include notice informing customers of the CCA's program in a separate mailing or in SCE's billing. The Standard Output Fee as defined in section C.2 of SCE's Schedule CCA-INFO will be assessed separately to recover the costs associated with the development of a list of service accounts eligible for initial notification activities. A Customer Notification Fee will apply for each Service Account that must receive the two notices during each of the notification periods below. The charges shall be:

Customer Notification in Monthly Utility Bill (T)

This service shall be subject to advance notice requirements; scheduling requirements; SCE's normal communication protocols, business practices and operational specifications (see Special Condition 2). CCA customer notices inserted in SCE's billing envelope shall include a disclaimer prominently displayed, in font no smaller than the title or heading of the customer notices. The disclaimer shall state the following: "This notice was prepared and paid for by [CCA name] and not SCE." Information contained in such notices shall be limited to that required by PU Code Section 366.2(c)(13)(A). This service shall require a Specialized Services Agreement be executed between the CCA and SCE pursuant to Section E of Rule 23. The costs to provide this service shall be charged to the CCA in accordance with Special Condition 3 of this Schedule.

SPECIAL CONDITIONS

1. Special MDMA Services: Upon CCA request, SCE may provide special MDMA Services outside the regularly scheduled meter read date on a one-time basis, per request. This will not alter a customer's regularly scheduled meter read date. If the CCA requests a validation "check read" and the read is determined correct, the CCA will be charged under these services. However, if the read is determined to be incorrect, the CCA will not be charged.

2. Customer Notification requirements and specifications are available to the CCA upon request.

3. Time and material charges will be calculated based on SCE's total costs to provide such services. The total charge will be determined by multiplying the personnel classification hourly rate, which will be provided upon request, for each job by the number of hours worked plus material costs which include a procurement charge of 13.7 percent and sales tax.

4. Definitions for use with this Schedule:

   a. Customer Class: Customer Class is defined as customers taking service as either residential or nonresidential.

   b. Rate Class: Rate Class refers to a grouping of rate schedules by the type of load served. Rate class is defined as residential, small commercial/industrial, medium commercial/industrial, large commercial/industrial, agricultural and pumping, and street lighting.
