Schedule D
DOMESTIC SERVICE

Sheet 1

APPLICABILITY

Applicable to domestic service including lighting, heating, cooking, and power or combination thereof in a Single-Family Accommodation or an individually metered Single-Family Dwelling in a Multifamily Accommodation.

Pursuant to Special Condition 5 herein, customers receiving service under this Schedule are eligible to receive the California Climate Credit as shown in the Rates section below. (T)

TERRITORY

Within the entire territory served.

Schedule D
DOMESTIC SERVICE

RATES

	Delivery Service	Generation[2]	
	Total[1]	UG***	DWREC[3]
Energy Charge- $/kWh/Meter/Day			
Baseline Service			
Summer	0.18453 (R)	0.11761	0.00000
Winter	0.18453 (R)	0.11761	0.00000
Over Baseline Service*			
Summer	0.28552 (R)	0.11761	0.00000
Winter	0.28552 (R)	0.11761	0.00000
Fixed Recovery Charge - $/kWh	0.00619		
MCAM Charge - $/kWh	0.00223		
Base Services Charge (BSC) - $/Meter/Day	0.794		
BSC Discount - Deed Restricted - $/Meter/Day	(0.327) (R)		
California Climate Credit	(36.00)		

* Nonbaseline Service includes all kWh in excess of applicable Baseline allocations as described in Preliminary Statement, Part H, Baseline Service.
** The ongoing Competition Transition Charge (CTC) of $0.00014 per kWh is recovered in the UG component of Generation.

1 Total = Total Delivery Service rates are applicable to Bundled Service, Direct Access (DA) and Community Choice Aggregation Service (CCA Service) Customers, except DA and CCA Service Customers are not subject to the DWRBC rate component of this Schedule but instead pay the DWRBC as provided by Schedule DA-CRS or Schedule CCA-CRS.
2 Generation = The Generation rates are applicable only to Bundled Service Customers. See Special Condition below for PCIA recovery.
3 DWREC = Department of Water Resources (DWR) Energy Credit - For more information on the DWR Energy Credit, see the Billing Calculation Special Condition of this Schedule.
4 Applied on an equal basis, per household, semi-annually. See the Special Conditions of this Schedule for more information.
5 The Modified Cost Allocation Mechanism (MCAM) charge recovers the net cost associated with system reliability procurement ordered by the CPUC that SCE has procured on behalf of customers whose generation services are provided by certain Electric Service Providers or Community Choice Aggregators.

Base Services Charge (BSC) - $/Meter/Day		0.429 (I)**	0.000	0.000	0.365 (R)					0.794
BSC Discount - Deed Restricted - $/Meter/Day		(0.327) (R)								(0.327) (R)
California Climate Credit[11]		(36.00)								(36.00)

* Nonbaseline Service includes all kWh in excess of applicable Baseline allocations as described in Preliminary Statement, Part H, Baseline Service.
** Includes BSC Distribution Charge of $0.360/meter/day and BSC Surcharge of $0.069/meter/day. (I)

1 Trans = Transmission and the Transmission Owners Tariff Charge Adjustments (TOTCA) which are FERC approved. The TOTCA represents the Transmission Revenue Balancing Account Adjustment (TRBAA) of $(0.00222) per kWh, Reliability Services Balancing Account Adjustment (RSBAA) of $0.00016 per kWh, and Transmission Access Charge Balancing Account Adjustment (TACBAA) of $0.00161 per kWh. (R)
2 Distrbtn = Distribution. Includes recovery for California Solar Initiative costs.
3 NSGC = New System Generation Charge
4 NDC = Nuclear Decommissioning Charge
5 PPPC = Public Purpose Programs Charge (includes Diablo Canyon Power Plant charge and California Alternate Rates for Energy Surcharge where applicable.)
6 CIA = Conservation Incentive Adjustment
7 WFC = Wildfire Fund Non-Bypassable Charge. The Wildfire Fund Non-Bypassable Charge supports the California Wildfire Fund and is not applicable to exempt Customers pursuant to D.19-10-056.
8 PUCRF = The PUC Reimbursement Fee is described in Schedule RF-E.
9 Total = Total Delivery Service rates are applicable to Bundled Service, Direct Access (DA) and Community Choice Aggregation Service (CCA Service) Customers, except DA and CCA Service Customers are not subject to the WFC rate component of this Schedule but instead pay the WFC as provided by Schedule DA-CRS or Schedule CCA-CRS.
10 DWRA = A refund from the California Department of Water Resources (DWR) relating to the purchase of power during the 2000-2001 energy crisis.
11 Applied on an equal basis, per household, semi-annually. See the Special Conditions of this Schedule for more information.
12 The Modified Cost Allocation Mechanism (MCAM) charge recovers the net cost associated with system reliability procurement ordered by the CPUC that SCE has procured on behalf of customers whose generation services are provided by certain Electric Service Providers or Community Choice Aggregators.

Schedule D
DOMESTIC SERVICE

SPECIAL CONDITIONS

1. For the above rate components, the summer season shall commence at 12:00 a.m. on June 1, and continue until 12:00 a.m. on October 1 of each year. The winter season shall commence at 12:00 a.m. on October 1 of each year and continue until 12:00 a.m. of June 1 of the following year.

   Holidays are New Year's Day (January 1), Presidents' Day (third Monday in February), Memorial Day (last Monday in May), Independence Day (July 4), Labor Day (first Monday in September), Veterans Day (November 11), Thanksgiving Day (fourth Thursday in November), and Christmas (December 25).

   When any holiday listed above falls on Sunday, the following Monday will be recognized as a holiday. No change will be made for holidays falling on Saturday.

2. Seasonal Service: For customers who normally require service for only part of the year, this Schedule is applicable only on annual contract.

(D)

(Continued)

Schedule D
DOMESTIC SERVICE

SPECIAL CONDITIONS (Continued)

3. Customer-Owned Electrical Generating Facilities: (T)

a. For customers not eligible for service under Schedule NEM, Net Energy Metering Schedule NEM-ST or Schedule NBT, Net Billing Tariff, and where customer-owned electrical generating facilities are used to meet a part or all of the customer's electrical requirements, service shall be provided concurrently under the terms and conditions of Schedule S and this Schedule. Parallel operation of such generating facilities with SCE's electrical system is permitted. A generation interconnection agreement is required for such operation.

b. For customers of record on Schedule D-PG as of April 30, 1996, who were subsequently transferred by SCE to an applicable Domestic rate schedule, who have a valid Qualifying Facilities (QF) contract with SCE, and who are not eligible for service under Schedule NEM, Net Energy Metering, or its successor, Schedule NEM-ST, the Energy Charges for such parallel generation customers shall be determined using kWh of Net Energy as defined and set forth below:

c. Customer-owned electrical generating facilities used solely for auxiliary, emergency, or standby purposes (auxiliary/emergency generating facilities) to serve the customer's load during a period when SCE's service is unavailable and when such load is isolated from the service of SCE are not subject to Schedule S. However, upon approval by SCE, momentary parallel operation may be permitted to allow the customer to test the auxiliary/emergency generating facilities. A Momentary Parallel Generation Contract is required for this type of service. (L) (L)

(Continued)

Schedule D
DOMESTIC SERVICE

SPECIAL CONDITIONS (Continued)

4. Billing Calculation: A customer's bill is calculated according to the rates and conditions above.

The residential Base Services Charge is a fixed daily charge designed to cover the costs connecting each Customer to the electric grid and providing state programs to assist income-qualified Customers. Customers enrolled in CARE or FERA, or living in Deed Restricted Affordable Housing (DRAH) are provided a discount to reduce their Base Services Charge. DRAH will be identified by the California Housing Partnership database. For properties with less than 80 percent of units identified as DRAH, Customers or tenants must contact SCE or visit www.sce.com and self-attest to living in a DRAH to qualify for the DRAH discount to reduce their Base Services Charge. DRAH Customers or tenants are exempt from the Base Services Charge Surcharge of $0.069 per meter per day and are provided a Base Services Charge Discount of $(0.327) per meter per day to reduce the Base Services Charge. (I) (R)

The charges listed in the RATES section are calculated by multiplying the Total Delivery Service rates and the Generation rates, when applicable, by the billing determinants (e.g., per kilowatt [kW], kilowatthour [kWh], etc.). The Energy Charge varies each month based on how much electricity a Customer uses.

As of January 1, 2012, all generation supplied to Bundled Service Customers is provided by SCE. The DWR Energy Credit provided to Bundled Service Customers is determined by multiplying the DWR Energy Credit rate component by the customer's total kWhs.

a. Bundled Service Customers receive Delivery Service and Generation service from SCE. The customer's bill is the sum of the charges for Delivery Service and Generation service determined, as described in this Special Condition, and subject to applicable discounts or adjustments provided under SCE's tariff schedules.

b. Direct Access Customers receive Delivery Service from SCE and purchase energy from an Energy Service Provider. The customer's bill is the sum of the charges for Delivery Service determined as described in this Special Condition except that the DWRBC rate component is subtracted from the Total Delivery Service rates before the billing determinants are multiplied by such resulting Total rates; plus the applicable charges as shown in Schedule DA-CRS and subject to applicable discounts or adjustments provided under SCE's tariff schedules.

c. CCA Service Customers receive Delivery Service from SCE and purchase energy from their Community Choice Aggregator (CCA). SCE will read the meters and present the bill for both Delivery and Generation Services to the CCA Service Customer. The customer's bill is the sum of the charges for Delivery Service as displayed in this Rate Schedule and Generation charges determined by the CCA plus the applicable charges as shown in Schedule CCA-CRS, and subject to applicable discounts or adjustments provided under SCE's tariff schedules.

(Continued)

Schedule D
DOMESTIC SERVICE

SPECIAL CONDITIONS (Continued)

4. Billing Calculation: (Continued)

California Alternate Rates for Energy (CARE) Discount: Customers who meet the definition of a CARE Household, as defined in Schedule D-CARE, may qualify for a 32.5 percent discount off of their electric bill prior to the application of the Public Utilities Commission Reimbursement Fee (PUCRF) and any applicable user fees, taxes, and late payment charges. Eligible CARE Customers are required to pay the PUCRF and any applicable user fees, taxes, and late payment charges in full. In addition, eligible CARE Customers are exempt from paying the CARE Surcharge of $0.209 per meter per day, the Wildfire Fund Non-Bypassable Charge of $0.00591 per kWh, and (I)
the Fixed Recovery Charge of $0.00619 per kWh. CARE Customers are exempt from the Base Services Charge Surcharge of $0.069 per meter per day and are provided a Base Services Charge (I)
Discount of $(0.168) per meter per day to reduce their Base Services Charge. An application and (I)
eligibility declaration is required for service under this Special Condition. Eligible Customers shall have the CARE Discount applied to this Schedule commencing no later than one billing period after receipt and approval of the Customer's application by SCE. Customers may be rebilled for periods in which they do not meet the eligibility requirements for the CARE Discount. Customers receiving the Family Electric Rate Assistance (FERA) Discount are not eligible for the CARE Discount.

Family Electric Rate Assistance Discount (FERA): Customers who meet the definition of a FERA household, as defined in Schedule D-FERA, may qualify for an 18.0 percent discount off of their bill prior to the application of any applicable taxes and late payment charges. In addition, FERA Customers are exempt from the Base Services Charge Surcharge of $0.069 per meter per day and (I)
are provided a Base Services Charge credit adjustment of $0.197 per meter per day to reduce their (R)
Base Services Charge. An application and eligibility declaration is required for service under this Special Condition. Eligible Customers shall be billed on this Special Condition commencing no later than one billing period after receipt and approval of the Customer's application by SCE. Customers may be rebilled for periods in which they do not meet the eligibility requirements for the FERA Discount. Customers receiving the CARE Discount are not eligible for the FERA Discount.

5. Residential California Climate Credit: A credit from the State of California to fight climate change. The credit is applied after the calculation of city and county utility users' taxes on customers' utility bills and prior to the application of franchise fees on an equal basis, per household, to the billing statements of customers receiving service under this schedule at the time the California Climate Credit is disbursed). Any California Climate Credit not consumed in the billing period in which the credit is applied will roll over to each subsequent billing period until the credit is fully consumed.

6. Change of Rate Schedule: A Customer who was placed on a time-of-use (TOU) rate schedule by SCE (i.e., defaulted) and subsequently elects this Schedule, shall be allowed an additional rate schedule change within a 12-month period of being defaulted. The Customer shall not be allowed to make an additional (i.e., third) change in rate schedule until 12 months of service has been provided under the elected rate schedule, unless otherwise specified in that rate schedule.

(Continued)

Schedule D
DOMESTIC SERVICE

SPECIAL CONDITIONS (Continued)

7. PCIA Recovery in Bundled Generation Rates: Bundled Service Customer Generation charges include an amount to recover the above-market portion of SCE's generation portfolio. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources. This above-market portion is referred to as the Power Charge Indifference Adjustment (PCIA) amount and is shown on Bundled Service Customers' bills under the description of the Generation charge. (T)

8. San Joaquin Valley Disadvantaged Communities Pilot Projects (SJV Pilot) Bill Protection Discount. (T)

   In accordance with Decision 18-12-015 and Resolution E-5034, Customers participating in the SJV Pilot and entering into the associated service agreement will receive a 10-year Bill Protection Discount beginning after the first electric appliance is installed in a participant's home and one full billing cycle has concluded. The monthly Bill Protection Discount will be provided as follows:

   Years 1-5 of SJV Pilot participation: 20 percent discount
   Years 6-10 of SJV Pilot participation: 10 percent or 20 percent discount

   SCE will evaluate Pilot participants' total energy costs savings beginning three and half years after the first SJV Pilot participant receives a Bill Protection Discount. This evaluation will analyze total energy costs for all SJV Pilot participants who have received at least 24 consecutive months of electricity bills with a Bill Protection Discount, and it will be based on collected and modeled propane data and actual participant's electricity costs pre-Pilot and post-Pilot;

   a. If the evaluation finds that all participants in the evaluation study, except quantitatively-measurable statistical outliers, experience energy costs savings (i.e., total energy costs have not increased), SCE shall reduce the monthly electricity bill discount to a 10 percent discount for an additional five years; or

   b. If the evaluation finds that any participants in the evaluation study, except quantitatively-measurable statistical outliers, experience an energy cost increase, SCE shall continue to provide a 20 percent discount for an additional five years.

   If the customer service agreement changes during the 10-year bill protection period (i.e., change of property ownership, change in occupancy) the Bill Protection Discount and Transitional Community Solar Discount shall be terminated. A new customer moving into an electrified house shall not receive the SJV Pilot Bill Protection Discount or Transitional Community Solar Discount.

(Continued)

Schedule D
DOMESTIC SERVICE

SPECIAL CONDITIONS (Continued)

9. Transitional Community Solar Discount. (T)

SJV Pilot participants eligible for the Community Solar-Green Tariff (CSGT) or the Disadvantaged Communities-Green Tariff (DAC-GT) program shall be provided a 20 percent Transitional Community Solar monthly bill credit for the 10-year bill protection period if neither program is available when the SJV Pilot participant receives the first Bill Protection Discount. If the DAC-GT or CSGT programs are available, yet a customer cannot participate due to subscription or locational limitations, the 20 percent Transitional Community Solar Discount will still apply. The Transitional Community Solar discount will not apply to customers who have onsite solar through the Single-Family Affordable Solar Homes (SASH) program, the Disadvantaged Communities SASH (DAC-SASH) program, Net Energy Metering (NEM), or through another program.

10. Fixed Recovery Charge. (T)

SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires, while reducing the total cost to its customers. The Fixed Recovery Charge (FRC) has been approved by the CPUC to repay those bonds. The right to recover the FRC has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and recovery does not belong to SCE. SCE is collecting the FRC on behalf of the Special Purpose Entity.
