PUGET SOUND ENERGY
Electric Tariff G

SCHEDULE 129
LOW INCOME PROGRAM

AVAILABILITY/APPLICABILITY: The benefits available under this Low Income Program ("Program") (as approved in Docket Nos. UE-011570 and UG-011571) are available to Customers of the Company meeting the criteria described herein. The charges under this schedule apply to all Customers of the Company.

BENEFITS:

1. Benefits under this Program are available through designated agencies (herein "Agencies") that: a) meet the criteria for a "Qualifying Organization" as defined in RCW 82.16.0497, b) the Company accepts as capable of performing necessary obligations under this Program, and c) executes a contract with the Company that is: i) consistent with this schedule, ii) provides for periodic auditing, and iii) provides for an annual administration evaluation. The Agencies will ascertain whether specific Customer households seeking assistance with their electric bills are eligible for assistance under the Program.
   a. The Agencies will determine whether a Customer meets the federal definition for Low Income Home Energy Assistance Program ("LIHEAP") qualification.
      i) If the Customer is eligible, it will receive LIHEAP funds in lieu of funds under this Program unless or until LIHEAP funds are exhausted. Thereafter, the Customer will be considered for this Program. Beginning October 1, 2021, if the Customer is eligible, it will receive LIHEAP funds in addition to funds under this Program or until LIHEAP funds are exhausted.
      ii) If the Customer is not eligible to receive LIHEAP funds, or opts out of LIHEAP, but meets the Company criteria, the Customer will be considered for this Program. (C)
      iii) If the Customer meets all applicable criteria, the Customer will be eligible to receive assistance under the Company's Program or Customers may voluntarily choose to participate in a Time of Day Discount assistance program (Schedules 308 and 309).
   b. Total Benefits for the program year (where Total Benefits is equal to benefits to eligible Customers under this Program plus the Agencies' administrative fees and the Company's program costs) under this Program and the Total Benefits of the Program under the Company's natural gas tariff are subject to a combined Annual Cap of $172.910 million, (I) provided that Total Benefits not expended in one program year will be included in Total Benefits for the following program year and be allocated along with funding for the current program year. The Annual Cap for the program year is allocated into Annual Caps of $143.515 million for electric and $29.395 million for natural gas Low Income Programs. (I) (R) Total Benefits are equal to the Annual Caps plus carry-over of funds not expended in the prior year.

PUGET SOUND ENERGY
Electric Tariff G

SCHEDULE 129
LOW INCOME PROGRAM (Continued)

BENEFITS: (Continued)
A qualifying Customer may receive assistance through this Program once during a program year. Customers shall be requalified annually by one of the Agencies (except where noted otherwise). Total benefits to an individual eligible Customer under this program are subject to an annual cap equal to the sum of (i) $1,000.00 and (ii) the benefit amount specifically for the applicable Schedule 171 charges. (C)

INCOME ELIGIBILITY CRITERIA: With exceptions as noted, eligibility will be restricted to "low-income households" as defined by RCW 19.405.020(25). Currently that definition identifies households with an income not to exceed the higher of 80% of area median income or 200% of federal poverty level adjusted for household size. For purposes of this Program, in areas where 80% of median income exceeds 200% of federal poverty guidelines, eligibility will be capped at 80% of area median income; and in areas where 200% of federal poverty level exceeds 80% area median income, eligibility will be capped at 200% of federal poverty guidelines. Agencies may allow senior, disabled, and other steady-income customers to certify their Program eligibility for a two-year period. Such customers must meet the existing Program criteria and elect to certify eligibility for two years after demonstrating a steady income that meets existing Program criteria, established by self-attestation of steady income or steady-income payment documentation. (C)

INFORMATION SERVICES:
1. Agencies will provide qualifying Customers with the following education and information.
   a. Low-income weatherization program information.
   b. Personal Energy Management (PEM) and, if applicable, Time of Day rate education.
   c. Information on deferred payment arrangements and budget billing.
   d. Conservation education and information.
2. The Company will provide qualifying Customers with the following information.
   Information to Customers dealing with delinquent utility bills on how to access low-income assistance.

(Continued on Sheet No. 129-A.1)

PUGET SOUND ENERGY
Electric Tariff G

SCHEDULE 129
LOW INCOME PROGRAM (Continued)

FUNDING:

1. There will be a prescribed agency administrative fee structure based on actual costs to local contractors to operate the LIHEAP program in Washington State. The administrative fees paid to Agencies will be considered part of the Total Benefits paid under this Program. To the extent consistent with such process and Low Income Program schedules, the allocation for a given participating agency in a given program year will be the average of both (1) the proportion of the awarded benefit amount distributed by that participating agency during the immediately preceding program year and (2) the proportion of the estimated low income population within that participating agency's service area. For example, if a participating agency's proportion of the awarded benefit amount distributed during the immediately preceding program year is 10 percent and their proportion of the estimated low income population within their service area is 20 percent then their allocation will be 15 percent.
2. There will be a surcharge on all electric Energy (kWh) and all natural gas Energy (therms) to all customer classes that will be subject to an annual true-up to reflect changes in billing determinants so that the Annual Cap of $172.910 million under the natural gas and electric Low Income Programs are equal to the Funding amounts collected by this schedule plus the Natural Gas Schedule 129, minus the effect of all of the Company's revenue sensitive costs such as taxes. Microsoft Special Contract monthly rate is not subject to an annual true-up. (I)

SCHEDULE 129
LOW INCOME PROGRAM (Continued)

CRISIS AFFECTED CUSTOMER ASSISTANCE PROGRAM ("CACAP") SECTION

CACAP AVAILABILITY/APPLICABILITY: Beginning April 12, 2021, the benefits available under this separate section of Schedule 129 are available to residential Customers of the Company meeting the criteria described herein on a first-come, first-served basis. This separate CACAP is available to address the economic impact of the COVID-19 pandemic and is consistent with Order 01 of Docket U-200281. (C)

CACAP BENEFITS: Benefits under the CACAP are available through the Company and the Company will ascertain whether specific Customers seeking assistance with their electric bills are eligible for assistance under the CACAP.

The total benefits of the CACAP available are capped at $27,700,000. The amount directly related to electric customers is $20,000,000 and efforts will be made to prioritize the electric funding of $20,000,000 to provide benefits to electric customers. However, funds may also be used for natural gas customers should it be determined appropriate by the Company to do so. All benefits will be available until funds are fully distributed. (C) I I I (C)

Total combined CACAP benefits to an individual eligible CACAP qualifying Customer under the CACAP for both this schedule and under the Company's natural gas Schedule 129 are limited to a maximum of $2,500 per Customer per program year. A qualifying Customer may receive assistance under the CACAP more than once during a program year, until the maximum benefit of $2,500 has been awarded. The Company will determine the CACAP benefit amount per Customer based on the eligibility criteria detailed in the CACAP Eligibility Criteria section of this tariff. (C) I I I I (C)

CACAP FUNDING: Cost recovery of the deferral of costs to fund this CACAP program will be addressed in either the next Schedule 129 filing or in the next general rate case. (C) (C)

RESPONSIBILITY FOR APPLICATION FOR BENEFITS: It is the responsibility of the Customer to complete the application for benefits under the CACAP and to provide any and all requested documentation in order for the Company to determine their eligibility. The Company shall not be held responsible to notify any individual Customer who may potentially qualify to receive benefits under the CACAP. (N) I I I (N)

(Continued on Sheet No. 129-A.3)

PUGET SOUND ENERGY
Electric Tariff G

SCHEDULE 129
LOW INCOME PROGRAM (Continued)

CACAP ELIGIBILITY CRITERIA: To be considered a CACAP qualifying Customer, the Customer must meet both of the following criteria:

1. Be a PSE residential Customer or co-Customer and the Customer or co-Customer must have a past due balance on their PSE electric or natural gas service account; and (C) I
2. Have a total net household income for the month or average 3 months prior to applying for the CACAP at or below the 200% of the Federal Poverty Level ("FPL") guidelines, based on household. I (C)

CACAP INCOME GUIDELINES: A Customer will qualify for the CACAP if their household income is at or below the following FPL income limits:

Number of Persons in Household	Qualifying Monthly Household FPL Income Limit	Number of Persons in Household	Qualifying Monthly Household FPL Income Limit		
1	$2,147	6	$5,930	(R)	(R)
2	$2,903	7	$6,687	I	I
3	$3,660	8	$7,443	I	I
4	$4,417	9	$8,200	I	I
5	$5,173	10	$8,957	(R)	(R)

NOTE: Income guidelines continue for larger households (N)

ELECTRONIC APPLICATION PROCESS:

1. A Customer or a co-Customer on the PSE bill or an agent acting on a Customer's behalf must first submit a complete and accurate application to the Company. Instructions on how to apply are available at www.pse.com. The application will include all of the following information: (C)
    a. Proof of income;
    b. Photo ID with date of birth of the Customer or verification of the personal identifier on file with the Company.
2. The Customer will create and/or sign into their myPSE account either on www.pse.com or via the myPSE mobile app for smartphones or other mobile devices. They will then access the Company's Energy Portal at www.pse.com where they can apply through the CACAP portal link. All supporting documents can be either scanned or photographed to create a JPEG picture file which can be uploaded to the portal.

(Continued on Sheet No. 129-A.4)

PUGET SOUND ENERGY
Electric Tariff G

SCHEDULE 129
LOW INCOME PROGRAM (Continued)

ELECTRONIC APPLICATION PROCESS (continued):

3. Alternatively, if a Customer is unable to submit their CACAP application through the electronic application process outlined above, they may contact the Company to request a paper application.

AUTOMATIC CACAP BENEFIT DISTRIBUTION ELIGIBILITY CRITERIA: After the initial effective date of this subsection and subsequently at its discretion, the Company will identify those Customers who meet both of the following two criteria and will automatically provide the CACAP benefit amount qualified for to the qualifying residential service account:

a. Customers who have received any assistance since October, 1, 2019, through the Program, LIHEAP or the Company's Warm Home Fund; and
b. Customers who have an account balance greater than sixty days past the due date associated with the Company's residential electric service or residential natural gas service.

The Customers receiving the CACAP benefit initially through automatic distribution are required to submit their CACAP application as described in the Electronic Application Process section of this tariff for any additional CACAP benefits.

CUSTOMER INFORMATION: The Customer grants to the Company the right to receive their personal information, relative to the CACAP. Personal information includes, but may not be limited to, date of birth, employment information, household information, and all other information necessary to process of the Customer's CACAP application. The Company will make appropriate efforts to safeguard the Customer's confidential information.

SUPPLEMENTAL CRISIS AFFECTED CUSTOMER ASSISTANCE PROGRAM ("CACAP") SECTION (N)

I

SUPPLEMENTAL CACAP AVAILABILITY/APPLICABILITY: The benefits available under this separate section of Schedule 129 are available to residential Customers of the Company meeting the criteria described herein. This Supplemental CACAP is available to address the ongoing economic impact of the COVID-19 pandemic. (N)

(Continued on Sheet No. 129-A.5)

PUGET SOUND ENERGY
Electric Tariff G

SCHEDULE 129
LOW INCOME PROGRAM (Continued)

SUPPLEMENTAL CACAP BENEFITS: Benefits under the Supplemental CACAP are available through the Company and the Company will ascertain whether specific Customers are eligible for assistance under the Supplemental CACAP. (N)

The total benefits of the CACAP available to natural gas Customers are capped at $10.845 million. The total benefits of the CACAP available to electric customers are capped at $23.742 million. At the Company's discretion, all benefits will be available through September 30, 2022.

Total combined Supplemental CACAP benefits to an individual eligible Supplemental CACAP qualifying Customer under the Supplemental CACAP for both this schedule and under the Company's natural gas Schedule 129 are limited to a maximum of $2,500 per Customer. The Company will determine the Supplemental CACAP benefit amount per Customer based on the total account balance at the time of distribution of benefits.

SUPPLEMENTAL CACAP FUNDING: The source of benefits available for the Supplemental CACAP is the collected but unspent PSE HELP funds collected under both of the electric and natural gas Schedule 129 Programs as of September 30, 2021.

SUPPLEMENTAL CACAP ELIGIBILITY CRITERIA: To be considered a CACAP qualifying Customer, the Customer must meet both of the following criteria:

1. Be a PSE residential Customer or co-Customer and the Customer or co-Customer must have a past due balance on their PSE electric or natural gas service account; and
2. Have a total net household income which is at or below the 200% of the Federal Poverty Level ("FPL") guidelines, based on household, as determined by the Company.

(N)

(Continued on Sheet No. 129-A.6)

PUGET SOUND ENERGY
Electric Tariff G

SCHEDULE 129
LOW INCOME PROGRAM (Continued)

SUPPLEMENTAL CACAP INCOME GUIDELINES: A Customer will qualify for the Supplemental CACAP if their household income is at or below the following FPL income limits: (N)

Number of Persons in Household	Qualifying Monthly Household FPL Income Limit	Number of Persons in Household	Qualifying Monthly Household FPL Income Limit
1	$2,147	6	$5,930
2	$2,903	7	$6,687
3	$3,660	8	$7,443
4	$4,417	9	$8,200
5	$5,173	10	$8,957

NOTE: Income guidelines continue for larger households

AUTOMATIC SUPPLEMENTAL CACAP BENEFIT DISTRIBUTION ELIGIBILITY CRITERIA: After the initial effective date of this subsection and subsequently at its discretion, the Company will identify those Customers who meet criteria described above and will automatically provide the Supplemental CACAP benefit amount qualified for to the qualifying residential service account.

CUSTOMER INFORMATION: The Customer grants to the Company the right to use their personal information, relative to the Supplemental CACAP. Personal information includes, but may not be limited to, date of birth, employment information, household information, and all other information necessary to process the Customer's Supplemental CACAP benefit. The Company will make appropriate efforts to safeguard the Customer's confidential information. (N)

SCHEDULE 129
LOW INCOME PROGRAM (Continued)

ARREARAGE MANAGEMENT PLAN ("AMP") SECTION (N)

AMP AVAILABILITY: The benefits available under this Arrearage Management Plan ("AMP") are available beginning October 1, 2024, to Customers taking Electric Service on any of the following Schedules: 7, 307, 317, and 327, who are also receiving service under Schedule 7BDR at the time of enrollment.

AMP PURPOSE: The AMP, also referred to as Past Due Bill Forgiveness, incrementally reduces a Customer's past due balance, or "arrearage", over 12 bill periods by providing an incentive for each, on-time payment of a Customer's current bill in the form of a bill credit (one-twelfth of the past due balance), with a maximum benefit of $2,500 per enrollment. Enrollment in the AMP will prevent the disconnection of service for a Customer with a past due balance.

AMP ELIGIBILITY: A Customer may participate in this service once every 2 years (from the date of the prior enrollment). To enroll in this service under this Schedule, a Customer must:

A. Meet the income eligibility requirements set forth in electric Schedules 7BDR and 129 of this tariff.
B. Declare their eligibility during the enrollment process,
C. Have received bill assistance through the PSE HELP program during the current Program Year at the time of enrollment, and
D. Be past due by a minimum dollar amount and amount of time as determined by the Company.

AMP ENROLLMENT: The Customer must complete the Company's enrollment process to participate in this service. Initiation of service under this Schedule will occur following acceptance and processing of the enrollment request by the Company. A Customer may contact the Company or designated agencies that meet the criteria for a "Qualifying Organization" as defined in RCW 82.16.0497 to collectively enroll in this Schedule and other bill assistance programs. In order to maintain enrollment in service under this Schedule, the Customer must pay their most current charges on time and in full, with a limited number of late or missed payments allowed during the enrollment term. A Customer must pay (catch-up on) charges for bill periods when a payment has been missed or late. (N)

(Continued on Sheet No. 129-A.8)

PUGET SOUND ENERGY
Electric Tariff G

SCHEDULE 129
LOW INCOME PROGRAM (Continued)

AMP DE-ENROLLMENT BY COMPANY: If the Customer has three missed and/or late payments, they will be removed from this service. For the purposes of this AMP, a late payment is any payment that is received after the due date specified and a missed payment is any payment that is not made during an entire bill cycle. Upon successful completion of the terms of their AMP, a Customer will be de-enrolled from this service. De-enrollment from this Schedule will be effective during the billing period for which it occurs. (N)

AMP DE-ENROLLMENT BY CUSTOMER: The Customer must contact the Company via phone call prior to their desired termination date of the service. Termination of service under this Schedule will follow receipt and processing of the termination by the Company. Although there is no minimum term for this service, the Customer will only be eligible for this service once every 2 years (from the date of prior enrollment).

AMP FUNDING: The benefits provided under the AMP are collected under electric and natural gas Schedule 129 Low Income Programs as of October 1, 2024. (N)

(Continued on Sheet No. 129-B)

PUGET SOUND ENERGY
Electric Tariff G

SCHEDULE 129 (N)
LOW INCOME PROGRAM (Continued)

HEAD START BENEFIT ("HSB") SECTION

HSB AVAILABILITY: The benefits available under this Head Start Benefit ("HSB") are available beginning November 8, 2025, to Customers taking Electric Service on any of the following Schedules: 7, 307, 317, and 327, who meet the eligibility requirements below.

HSB PURPOSE: The HSB, also referred to as Head Start Benefit, provides bill credit benefits to reduce a Customer's past due balance, or "arrearage" that have not been able to get caught up as a result off the pandemic and the extended disconnect moratorium the Company's Customers were subject to. The benefit takes the form of a bill credit, with a minimum arrearage of $5, and a maximum benefit of $15,000 per customer/enrollment. Enrollment in the HSB is intended to help a Known or Estimated Low-Income Customer from incurring increased arrearages, slipping further into debt and risking disconnection.

HSB ELIGIBILITY: A Customer that meets the criteria for Known or Estimated Low-Income and has an existing past due balance, or "arrearage". Known Low-Income is a Customer who has applied and received assistance in the past 24 months. Estimated Low-Income is a Customer that is estimated to be at or below 80% of Area Median Income based on third party data. Known Low-Income Customers will be served in order of the lowest income/highest energy burden first and then Estimated Low-Income Customers will be served in order of the lowest income/highest energy burden. This will continue until funds are exhausted. A Customer will be selected by PSE using existing income and energy burden data. A Customer selected to receive this funding will also receive focused outreach encouraging them to apply for ongoing bill assistance through the Company's suite of benefits, rates and programs to help manage bill affordability moving forward. A Customer is only eligible to receive the HSB benefit once.

HSB ENROLLMENT AND OPT OUT: A Customer selected will automatically receive the HSB benefit unless they have opted out. A Customer will be notified of their eligibility to receive the HSB benefit, and with that notification be given the option to contact the Company and request to opt-out of the benefit. A Customer who has selected to opt-out will not be eligible to request the HSB benefit at a later date.

HSB FUNDING: The benefits provided under the HSB are unspent funds collected under this tariff Schedule that were not distributed by the end of any previous program year, prior to October 1, 2025. Electric funding will be capped at $25,284,317; Natural Gas funding will be capped at $9,274,582, to be distributed prior to January 1, 2026. (N)
