Schedule AL-2 Sheet 1
OUTDOOR AREA LIGHTING SERVICE
METERED

APPLICABILITY

Applicable to single-phase service for metered outdoor area lighting (including attached holiday lighting) load, and used for purposes other than street and highway lighting such as, but not limited to parking lots, pedestrian walkways, billboards, building exteriors, security, sports and recreation areas, monuments, decorative areas, and bus shelters. A meter capable of providing Interval Metering data is required for service under this Schedule.

Incidental Load may be served under this Schedule (see Special Condition 2).

Pursuant to California Public Utilities Commission Decisions (D.)17-01-006 and D.17-10-018, solar Customers who meet the eligibility criteria outlined in Special Condition 9 below are eligible to continue receiving service on a TOU Option with Discontinued TOU Periods, as defined in Special Condition 1.

This Schedule contains two rate structures: Option F and Option AL-2 (formerly Option A)

TERRITORY

Within the entire territory served.

RATES

		Delivery Service								Generation[9]	
Option F		Trans[1]	Distrbtn[2]	NSGC[3]	NDC[4]	PPPC[5]	WFC[6]	DWRA[11]	PUCRF[7]	Total[8]	UG**	DWREC[10]
Energy Charge - $/kWh		0.01170 (R)	0.04541 (I)	0.00448	0.00003	0.01170 (R)	0.00591	0.00000	0.00100	0.08023 (R)	0.06238	0.00000
Option GF												
Energy Charge - $/kWh

RATES (Continued)

* The ongoing Competition Transition Charge (CTC) of $0.00013 per kWh (On-Peak) and CTC of $(0.00001) per kWh is recovered in the UG component of Generation.

1 Trans = Transmission and the Transmission Owners Tariff Charge Adjustments (TOTCA) which are FERC approved. The TOTCA for Off-Peak periods represents the Transmission Revenue Balancing Account Adjustment (TRBAA) of $(0.00222) per kWh, Reliability Services Balancing Account Adjustment (RSBAA) of $0.00008 per kWh, and Transmission Access Charge Balancing Account Adjustment (TACBAA) of $0.00266 per kWh. The TOTCA for On-Peak periods represents the TRBAA of $(0.00222) per kWh, RSBAA of $0.00012 per kWh, and TACBAA of $0.00161 per kWh. (R)

2 Distrbtn = Distribution

3 NSGC = New System Generation Charge

4 NDC = Nuclear Decommissioning Charge

5 PPPC = Public Purpose Programs Charge (includes Diablo Canyon Power Plant charge and California Alternate Rates for Energy Surcharge where applicable.)

6 WFC = Wildfire Fund Non-Bypassable Charge. The Wildfire Fund Non-Bypassable Charge supports the California Wildfire Fund and is not applicable to exempt Customers pursuant to D.19-10-056.

7 PUCRF = The PUC Reimbursement Fee is described in Schedule RF-E.

8 Total = Total Delivery Service rates are applicable to Bundled Service, Direct Access (DA) and Community Choice Aggregation Service (CCA Service) Customers, except DA and CCA Service Customers are not subject to the DWRBC rate component of this Schedule but instead pay the DWRBC as provided by Schedule DA-CRS or Schedule CCA-CRS.

9 Generation = The Generation rates are applicable only to Bundled Service Customers. See Special Condition below for PCIA recovery.

10 DWREC = Department of Water Resources (DWR) Energy Credit – For more information on the DWR Energy Credit, see the Billing Calculation Special Condition of this Schedule.

11 DWRA = A refund from the California Department of Water Resources (DWR) relating to the purchase of power during the 2000-2001 energy crisis.

12 The Modified Cost Allocation Mechanism (MCAM) charge recovers the net cost associated with system reliability procurement ordered by the CPUC that SCE has procured on behalf of customers whose generation services are provided by certain Electric Service Providers or Community Choice Aggregators.

SPECIAL CONDITIONS

1. The time periods applicable to Customer's eligible for TOU Period Grandfathering are defined as follows: (N)

   On-Peak: 8:00 a.m. to 4:00 p.m., all year, everyday

   Off-Peak: All other hours – all year, everyday

   Summer and Winter Seasons are defined as follows:

   The Summer Season shall commence at 12:00 a.m. on June 1 and continue until 12:00 a.m. on October 1 of each year. The Winter Season shall commence at 12:00 a.m. on October 1 of each year and continue until 12:00 a.m. on June 1 of the following year. A prorata computation will be made for seasonal billing purposes.

2. Incidental Load: Incidental Load is usage for non-lighting purposes incurred any time of day provided that, to be eligible for service on this Schedule, non-lighting Incidental Load shall not exceed 30 percent of the account's total annual usage incurred during the hours of 8:00 a.m. to 4:00 p.m. within a rolling 12-month period. (D)(N) (N)(D) (D)(N)

   For accounts with total annual usage exceeding 1,000 kWh, if usage during the hours of 8 a.m. to 4 p.m. exceeds 30 percent of the account's total usage over a rolling 12 month basis, the account will become ineligible for service under this Schedule, and SCE will place the account under an applicable General Service Schedule as soon as practical or under another applicable rate Option the Customer elects. (N) | (N)

   For accounts with fewer than 12 months of historical usage data, where SCE determines that the usage incurred during the available months exceeds, or in SCE's opinion is likely to exceed 30 percent of the total annual usage, the account will become ineligible for service under this Schedule and will be placed on an applicable General Service Schedule, or under another applicable rate Option the customer elects. (N) | | (N)

3. Voltage: Service will be provided at one standard voltage.

4. Three-Phase Service: Where, in the sole opinion of SCE, it is impractical to provide single-phase service under this Schedule, three-phase service will be provided.

5. Separate Point of Delivery: When requested by the applicant or Customer, and agreed upon by SCE, an additional Point of Delivery may be provided, separate from any other Point of Delivery provided under any other applicable rate schedule. Customers so served shall not be permitted to have an electrical interconnection beyond SCE's Point of Delivery between the separately metered loads except upon written approval of SCE.

   A change from this Schedule to any other rate schedule will be permitted only if the additional Point of Delivery is removed. Any such removal shall be at the Customer's expense. Any rearrangement of facilities required to provide the additional Point of Delivery shall be at the expense of the requesting Customer.

SPECIAL CONDITIONS (Continued)

6. Distribution Line Extension: Distribution line extensions to reach an outdoor area light or area lighting system shall be in accordance with Rule 15.

7. Services shall be installed and maintained as provided in Rule 16.

8. Billing Calculation: A Customer's bill is calculated according to the rates and conditions above.

   The charges listed in the RATES section are calculated by multiplying the Total Delivery Service rates and the Generation rates, when applicable, by the billing determinants (e.g., per kilowatt [kW], kilowatthour [kWh], etc.). The calculations are performed on a time-of-use basis.

   As of January 1, 2012, all generation supplied to Bundled Service Customers is provided by SCE. The DWR Energy Credit provided to Bundled Service Customers is determined by multiplying the DWR Energy Credit rate component by the Customer's total kWhs.

   a. Bundled Service Customers receive Delivery Service and Generation service from SCE. The Customer's bill is the sum of the charges for Delivery Service and Generation service determined, as described in this Special Condition, and subject to applicable discounts or adjustments provided under SCE's tariff schedules.

   b. Direct Access Customers receive Delivery Service from SCE and purchase energy from an Energy Service Provider. The Customer's bill is the sum of the charges for Delivery Service determined as described in this Special Condition except that the DWRBC rate component is subtracted from the Total Delivery Service rates before the billing determinants are multiplied by such resulting Total rates; plus the applicable charges as shown in Schedule DA-CRS or DAEBS-CRS and subject to applicable discounts or adjustments provided under SCE's tariff schedules.

   c. CCA Service Customers receive Delivery Service from SCE and purchase energy from their Community Choice Aggregator (CCA). SCE will read the meters and present the bill for both Delivery and Generation Services to the CCA Service Customer. The Customer's bill is the sum of the charges for Delivery Service as displayed in this Rate Schedule and Generation charges determined by the CCA plus the applicable charges as shown in Schedule CCA-CRS, and subject to applicable discounts or adjustments provided under SCE's tariff schedules.

9. Discontinued TOU Period: Pursuant to D.17-01-006 and D.17-10-018, BTM solar Customers who meet the eligibility criteria described below are eligible to continue receiving service on a TOU Option with Discontinued TOU Periods for the time periods outlined below. (T) (T)

(Continued)

Schedule AL-2 Sheet 5
OUTDOOR AREA LIGHTING SERVICE
METERED

SPECIAL CONDITIONS (Continued)

9. Discontinued TOU Period : (Continued) (T)

a. Customer Eligibility:

(1) Customers, excluding public agencies (as defined below), must have submitted their initial solar Generating Facility interconnection application by January 31, 2017.

(2) Customers meeting the definition of a public agency must have submitted their initial solar Generating Facility interconnection application by December 31, 2017. For the purposes of this Special Condition only, public agencies are defined as public or private schools, colleges and universities; federal, state, county and city government agencies; municipal utilities; public water and/or sanitation agencies; and joint powers authorities.

b. System Eligibility:

(1) This provision is only applicable to BTM solar Generating Facilities.
(2) The solar Generating Facility must have been designed to offset at least 15 percent of the Customer's current annual load, as determined by SCE.

c. Duration:

(1) Customers are permitted to be served on a TOU Options with Discontinued TOU Periods and be billed under the Discontinued TOU Periods for a period of ten years from their solar Generating Facility's original permission to operate date. (T) (T)

(2) In no event shall the duration of this Discontinued TOU Period extend beyond July 31, 2027 (December 31, 2027 for schools) for any Customer served on this Schedule, regardless of whether the Customer has received the full ten years of the Discontinued TOU Period . Customers will be transitioned to Options with current TOU Periods at the start of their next billing period that occurs immediately on or after October 1 (Annual Migration Date), as outlined in Advice 3582-E-A. (as approved in Resolution E-4946). (T) (T)

d. Attributes:

The Discontinued TOU Period described herein allows the Customer to maintain Discontinued TOU Periods for the duration of their discontinued period. Other changes in rate design, including allocating marginal costs to TOU periods and setting specific rate levels, will be litigated in utility-specific rate proceedings. (T) (T)

e. Discontinued TOU Periods: Applicable time periods are defined in Special Condition 1. (T)

(Continued)

Schedule AL-2
OUTDOOR AREA LIGHTING SERVICE
METERED SERVICE

Sheet 6

SPECIAL CONDITIONS (Continued)

10. PCIA Recovery in Bundled Generation Rates: Bundled Service Customer Generation charges include an amount to recover the above-market portion of SCE's generation portfolio. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources. This above-market portion is referred to as the Power Charge Indifference Adjustment (PCIA) amount and is shown on Bundled Service Customers' bills under the description of the Generation charge.

11. Fixed Recovery Charge. SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires, while reducing the total cost to its customers. The Fixed Recovery Charge (FRC) has been approved by the CPUC to repay those bonds. The right to recover the FRC has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and recovery does not belong to SCE. SCE is collecting the FRC on behalf of the Special Purpose Entity. (N) | | | | (N)
