Schedule EDR-A Sheet 1
Economic Development Rate-Attraction

APPLICABILITY

Applicable to new non-residential, non-governmental Customers who locate their facilities at a site within SCE's service territory that results in SCE served load of at least 150 kilowatts (kW) (either individually, or in the aggregate across accounts located at the same physical facility), except for Small Customer Accounts, as defined herein, with loads that are below 150 kW. Such load must be new to California. This Schedule is intended to attract load to California relative to out-of-state options, and is not intended to attract Customers from one service area to another within the state, or to attract out-of-state Customers to one in-state electric service area or provider over another. Customers will be eligible for service under this Schedule only if the discounts offered under this Schedule were necessary in the Customer's decision to locate its new load in California. Additionally, the Customer must demonstrate to the satisfaction of SCE that the load subject to this Schedule is new to California. The Customer must sign an affidavit attesting to the fact that "but for" this discount, either on its own or in combination with a package of incentives made available to the Customer from other sources, the Customer would not have located its load in the State of California. This Schedule is not applicable to state and local government Customers or residential Customers.

EDR discounts are subject to a combined program cap of 200, MW and Small Customer Accounts shall number no more than twenty (20) across all EDR contract types (i.e., Schedules EDR-A, EDR-R, and EDR-E established March 1, 2019).

TERRITORY

Within the entire territory served.

6. SCE will consult with the California Governor's Office of Business and Economic Development (GO- Biz), or its successor entity, under the supervision of the California Governor's Office of Business and Economic Development in order to determine qualified Customers, with the exception of Small Customer Accounts. To remain eligible for service under this Schedule, Customers must provide SCE with the above-referenced information. SCE shall use reasonable means to protect this data from public disclosure by redacting or aggregating it in any public filings.
