SCHEDULE CCA-CRS

COMMUNITY CHOICE AGGREGATION COST RESPONSIBILITY SURCHARGE

APPLICABILITY

The Community Choice Aggregation Cost Responsibility Surcharge (CCA-CRS) is applicable to all Community Choice Aggregation (CCA) customers, as defined in Rule 1, who receive procured energy services from a Community Choice Aggregator. Pursuant to Senate Bill (SB) 423, qualified nonprofit charitable organizations eligible to enter into an agreement for Direct Access (DA) service with an electric Energy Service Provider (ESP) to receive electric commodity service free of charge from the ESP will be subject to the provisions and applicable charges under this schedule.

TERRITORY

Within the entire territory served by the Utility.

RATES

POWER CHARGE INDIFFERENCE ADJUSTMENT (PCIA) ($/kWh)

Notes: As noted in Schedule EDR Special Condition 11, DA and CCA customers will receive a monthly bill credit in the amount $(0.00003)/kWh for the Economic Development Rate (EDR) discount.

Customers may also be subject to a Modified Cost Allocation Mechanism (MCAM) charge, depending on their Energy Service Provider (ESP). The MCAM rates and applicable ESPs are noted below in Special Condition 6.

The rate shown above is in addition to Utility Distribution Company Total Rates (UDC Total) shown under the CCA customer's otherwise applicable rate schedule, and is in addition to the Department of Water Resources Bond Charge shown on Schedule DWR-BC and the Wildfire Fund Non-Bypassable Charge shown on Schedule WF-NBC.

MAPPING OF RATE SCHEDULES TO CUSTOMER CLASS

Customer Class	Rate Schedule
Residential	DR, DM, DS, DT, DT-RV, EV-TOU, EV-TOU-2, EV-TOU-5, TOU-DR, DR-SES, TOU-DR1, TOU-DR2, TOU-ELEC
Commercial - Small	TOU-A, TOU-A2, TOU-A3, A-TC, UM
Commercial - Medium	AL-TOU-M, DG-R-M, OL-TOU, EV-HP, TOU-M, S
Commercial - Large	AL-TOU-L, AL-TOU2, DG-R-L, A6-TOU, VGI, PUBLIC GIR, S
Agricultural	PA-T-1; TOU-PA, TOU-PA2, TOU-PA3
Outdoor Lighting - residential	OL-1, OL-2, DWL
Outdoor Lighting – Small Commercial	LS-1, LS-2, LS-3, LS-2DS, LS-2AD, OL-1, OL-2

Municipal Surcharge: Amounts calculated under this Schedule are subject to a municipal surcharge as provided in Sections 6350 through 6354.1 of the Public Utilities Code.

SPECIAL CONDITIONS

1. Definitions: The definitions of principal terms used in this Schedule are found either herein or in Rule 1, Definitions.

2. Direct Access (DA) Non-Continuous customers transferring to CCA service will retain the Old World Generation Rate in Schedule DA-CRS

SCHEDULE CCA-CRS

COMMUNITY CHOICE AGGREGATION COST RESPONSIBILITY SURCHARGE

3. Composition of Rate: The CCA-CRS is comprised of the following components: 1) DWR Bond Charge as shown on Schedule DWR-BC, 2) Ongoing Competition Transition Charge (CTC) as shown on the customer's otherwise applicable rate schedule, and 3) DWR Power Charge Indifference Adjustment (PCIA)[1], formerly the DWR Power Charge and 4) Wildfire Fund Non-Bypassable Charge as shown on Scheduled WF-NBC. T

   For example, for CCA customers,

   Applicable CCA-CRS = DWR-BC + CTC + Applicable PCIA + WF-NBC

4. Vintaging: The CCA-CRS will be calculated based upon the departure date of CCA load from the Utility or based upon the Utility's receipt of a Binding Notice of Intent (BNI), pursuant to Rule 27.2 T

   a If the Utility receives a BNI from a CCA or the CCA load transfers from the Utility to the CCA on or before June 30th, the CCA-CRS shall be vintaged based on the total Utility resource commitments effective in the preceding calendar year. If the Utility receives a BNI from a CCA or the CCA load transfers from the Utility to the CCA on or after July 1st , the CCA-CRS shall be vintaged based on the total Utility resource commitments effective in the calendar year the BNI was received by the Utility or that the load was transferred to the CCA.

   b. Total Utility resource commitments in a given year include the Utility's total procurement portfolio set forth in the applicable ERRA filing, DWR power contracts, and all resources committed to by the Utility through effective contracts or construction that commences in the applicable year..

5. Exemptions and Discounts: T

   a. Continuous Direct Access Customers: Continuous DA customers are those customers who took DA service both before and after February 1, 2001. In addition, pursuant to Resolution E-3843, effective December 4, 2003, a customer who was DA prior to February 1, 2001 that returned to bundled service after September 20, 2001 shall be considered continuous DA. Continuous DA customers who take service from a CCA are exempt from the CCA-CRS and DWR Bond Charge and Wildfire Fund Non-Bypassable Charge. Continuous DA customers who take service from a CCA are not exempt from other charges under the customer's otherwise applicable rate schedule.

---

[1] The Power Charge Indifference Adjustment or "PCIA" is calculated by subtracting the ongoing CTC differentiated by class from the Utility's above or below market total portfolio power costs. If the PCIA is positive then Direct Access and Departing Load customers are responsible for the balance. If the PCIA is negative then the balance is tracked by the Utility and used to offset future above market costs. The Utility's total portfolio power costs consist of its retained generation power costs and the Utility's allocated DWR power costs compared to the approved market price benchmark.

[2] DWR-BC as presented is now used for collecting the California Wildfire Fund Charge effective Oct 1, 2020 (See Schedule WF – NBC). DWR BC will be renamed at implementation of SDG&E's new customer information system.
