SCHEDULE E-MEDICAL

 N

MEDICAL BASELINE PROGRAM N

APPLICABILITY N

This schedule provides a Medical Baseline Program (MBL) benefit to eligible residential customers upon completion of an application and verification by a state-licensed physician, nurse practitioner, physician assistant or osteopath (Form 132-150), and is taken in conjunction with the customer's otherwise applicable service schedule.

To access this Form and see a list of qualifying medical conditions and medical devices, please visit https://www.sdge.com/residential/pay-bill/get-payment-bill-assistance/health-senior-support/qualifiying-based-medical-need

TERRITORY

Within the entire territory served by the Utility.

BENEFITS

MBL customers are eligible to receive one or more of the following benefits, contingent on the type of rate schedule the customer is taking service on (tiered or untiered). These benefits may include exemptions, baseline allowance adjustments, and line-item bill discounts as described below.

1) ***Certain Rate Exemptions*** **|** MBL customers are exempt from paying the Department of Water Resources Bond Charge (DWR-BC) and the Wildfire Non-Bypassable Charge (WF-NBC)

2) ***Additional Baseline Allowance Allocation*** **|** Applicable MBL customers will be provided with an additional baseline allowance of 16.5 kWh per day. Where it is established that the energy required for a life-support device, as defined in Rule 1, Definitions (including an air conditioner or space heater) exceeds 16.5 kWh per day, the additional allowance will be granted in increments of 16.5 kWh per day until the estimated daily usage of the device is covered. By granting the baseline allowances set forth above, the Utility does not guarantee a continuous and sufficient supply of energy. The supply of all energy by the Utility is subject to the provisions of Rule 14.

3) ***Line-Item Discount*** **|** MBL customers will receive a line-item bill discount applied to certain volumetric charges (the total bill, less any applicable exemptions, minimum bill amount and base services charge). Per D.25-09-006, the value of this line-item discount varies by type of rate schedule (tiered or untiered) and by year. N

MEDICAL BASELINE PROGRAM

BENEFITS (Continued)

Included below are the eligible benefits provided to MBL customers, broken out by tiered and untiered rate schedule categorization:

Tiered Rate Schedules **|** MBL customers taking service on tiered rate schedules receive the following benefits. Where applicable, the value of the line-item discount authorized under the MBL Program is shown below;

1) Certain Rate Exemptions – As described above.
2) Additional Baseline Allowance Allocation – As described above.
3) Line-Item Discount – As described below:

Year	2026 (April)	2027	2028	2029+
Line-Item Discount	21.64%	17.59%	13.55%	9.50%

Untiered Rate Schedules **|** MBL customers taking service on untiered rate schedules receive the following benefits. Where applicable, the value of the line-item bill discount authorized under the MBL Program is shown below:

1) Certain Rate Exemptions – As described above.
2) Line-Item Discount – As described below:

Year	2026 (April)	2027	2028	2029+
Line-Item Discount	20.00%	20.00%	20.00%	20.00%

Other Relevant Items:

Tiered Rate Schedules | Schedules DR, DM, DS, DT, DT-RV, TOU-DR, TOU-DR1, and TOU-DR2

Untiered Rate Schedules | Schedules DR-SES, EV-TOU, EV-TOU-2, EV-TOU-5, and TOU-ELEC

Other Potential Benefits | Pursuant to D.25-09-006 (which approved the MB Settlement Agreement in SDG&E's 2024 General Rate Case Phase 2 proceeding), MBL customers who are also eligible for another discount program like California Alternate Rates for Energy Program ("CARE") or Family Electric Rate Assistance Program ("FERA"), will receive both discounts (MBL and CARE, or MBL and FERA), which will be applied in a multiplicative fashion.

SPECIAL CONDITIONS N

(ALL CUSTOMERS)

1. Applicable Conditions. All special conditions contained in the customer's otherwise applicable schedule are applicable to service under this schedule.

2. Application and Eligibility Declaration. An application and eligibility declaration, on a form authorized by the Commission, is required for service under the MBL program unless otherwise authorized by the Commission. Renewal of a customer's eligibility declaration, also referred to as recertification, will be required at the request of the Utility.

3. Commencement of MBL Benefits. Eligible customers shall begin receiving the applicable MBL benefits (including exemptions, additional baseline allowance, and line-item discount) no later than one billing period after receipt of a completed and approved application by the Utility or unless otherwise authorized by the Commission.

4. Verification. Information provided by the customer or medical practitioner to the Utility is subject to verification as authorized by the Commission. Refusal or failure to provide documentation of eligibility acceptable to the Utility, upon request, shall result in the denial or termination of the MBL Benefit.

5. Backbilling. Customers may be backbilled under the applicable rate schedule for periods of ineligibility and/or if the direct benefits to the facility's residents claimed by the customer cannot be supported.

6. Customer Responsibility. It is the customer's responsibility to notify the Utility within 30 days if there is a change in eligibility status, except as specified for multi-family customers in Special Conditions 9 and 10 below. N

SPECIAL CONDITIONS (Continued)

In addition to the Special Conditions above pertaining to all applicable customers, Special Conditions specific to each type of applicable customer are set forth below.

(SINGLE FAMILY CUSTOMERS)

7. Location Eligibility. Customers are only eligible to receive this rate at one residential location at any one time.

(MULTI-FAMILY, SUBMETERED CUSTOMERS)

8. Tenant Qualification. Submetered tenants, rather than the Utility's customer of record, qualify for MBL by completing an application and forwarding it to the Utility, and it is the tenant's responsibility to notify the Utility of a change in eligibility status.

9. Customer Responsibility. The Utility customer shall notify the Utility within 30 days following a reduction in the number of submetered units qualifying for the MBL rate as a result of unit(s) being vacated.

10. Location Eligibility. Eligible tenants can only receive this rate at one residential location at any one time.
