SCHEDULE E-SMOP

RESIDENTIAL ELECTRIC SMART METER OPT-OUT PROGRAM

APPLICABILITY

Applicable, in conjunction with any other applicable schedule, to all residential customers who do not wish to have a wireless, communicating meter, known as a Smart Meter, installed at their premises (hereafter, "Opt-Out Customers"). Under this program, customers may receive service using meter(s) without wireless communications ability. This schedule is applicable to customers who take gas and electric service, or electric-only service, from SDG&E. T T

TERRITORY

Within the entire territory served by the Utility.

RATES

Customers who elect this option will be charged as follows:

Customers who take service on the California Alternate Rates for Energy (CARE) program will pay an initial fee and a monthly service charge for meter reading. T

CARE Customers:
Initial Fee $10.00
Monthly Charge $5.00/month

Customers who are *not* taking service on the CARE program will pay an initial fee and a monthly service charge for meter reading. T T

Non-CARE Customers:
Initial Fee $75.00
Monthly Charge $10.00/month

The initial and monthly charges described above are applicable to customers who receive gas and electric service, or receive electric-only service, from SDG&E. Customers that take only gas service from SDG&E and wish to have a gas meter without wireless communications ability installed should refer to Schedule G-SMOP, the Residential Gas Smart Meter Opt-Out Program, for the associated charges. T

Customers will not be charged the initial fee or monthly charge until the new meter(s) is installed. The monthly charge will be applicable for a period of three years from the date the residential customer elects to opt-out of wireless Smart Meters. D.12-04-019 authorized May 9, 2012 as the beginning of smart meter opt-out. T

SCHEDULE E-SMOP

RESIDENTIAL ELECTRIC SMART METER OPT-OUT PROGRAM

SPECIAL CONDITIONS

1. Metering Equipment. A meter, without wireless communications ability, will be used in place of the wireless meter to provide electric service for residential customers who elect this option. T

2. Billing. Customers will be billed for charges applicable under the customer's Otherwise Applicable Rate Schedule (OAS), plus the initial fee and the monthly charge described herein. The initial fee and monthly charge will appear on the electric service agreements of both customers that take electric-only service from SDG&E and customers that take gas and electric service from SDG&E. Opt-Out Program customers will be charged the initial and monthly charges described above once the replacement meter(s) is installed, and they will be required to pay the initial fee within three months. All such charges will be subject to the terms and conditions for rendering and payment of bills under Electric Rules 8 and 9.

3. Estimated Meter Reading: As directed by D.14-12-078, Opt-Out Customers will receive an estimated meter reading on a bi-monthly basis (i.e., every two months). Estimated meter reads will be based on the prior month's daily average usage, and will be used for billing purposes in accordance with Rule 17. Regular reading of the meter will occur every other month.

4. Pursuant to Decision 12-04-019, a customer must affirmatively elect to opt-out of the Smart Meter Program, and shall default to Smart Meter-based utility service absent such an election. If SDG&E makes a field visit to a customer's residence for purposes of installing a Smart Meter and the customer does not provide reasonable access to SDG&E to install a Smart Meter after being provided notice of eligibility for service under this Opt-Out Program and not electing to opt-out, the customer shall be deemed to have elected service under this Opt-Out Program.

5. Local governments and entities such as condominiums and other multi-unit dwellings are not allowed to exercise the Opt-Out option on behalf of individual residents.
